Continuation of Substance of Interview including description of the general nature of what was discussed: Informed Mr. Donahue that application 10/707,604 was in condition for allowance as amended, with one new matter issue. The word "communication" had been replaced with "contact" in Line 4 of Claim 18, with respect to the electroluminescent panel and scintillator assembly, but specification described, and diagrams showed, that said panel and said scintillator have a reflective film (Item 72) disposed between. Examiner suggested replacing "contact" with the aforementioned term "communication" or adding the word "optical" in front of "contact." Mr. Donahue chose to change "contact" back to the original term "communication," and gave his permission for examiner to amend Claim accordingly.
